

**IV International Applied Science Conference
«The Newest Agrotechnologies and variety studying»**

June 07, 2024

Kyiv, Ukraine

Conference partners:

[The National University of Life and Environmental Sciences of Ukraine](#) (Ukraine)

[The Institute of bioenergy crops and sugar beets of NAAS of Ukraine](#) (Ukraine)

[The Bila Tserkva National Agrarian University](#) (Ukraine)

[The University of East Sarajevo](#) (Bosnia and Herzegovina)

Scientific achievements made it possible to create interdisciplinary directions for solving theoretical and applied problems in the agricultural sector by eliminating the boundaries between different areas of scientific activity. Preservation of biological diversity in the conditions of the rapid development of plant breeding, climate change and the aim to produce high-quality and safe food products require a comprehensive study of modern directions of agricultural science: from molecules to mathematical models and economic indicators.

The evaluation of new varieties in the process of their testing is especially relevant, since at this stage not only their quality and biodiversity are determined, but also the optimization of regulatory costs, the development of automated schemes and methods.

The purpose of the International Applied Science Conference "The Newest Agrotechnologies and variety studying" is to establish and deepen scientific connections, experience exchange and spread knowledge about the importance of scientific approach in agriculture, search for ways to solve applied and theoretical problems in the agro-industrial sector and variety testing.

Official conference languages: English, Ukrainian

Conference is conducted **online**

Conference sections:

1. Variety testing
2. Biotechnology and plant physiology
3. Genetics and plant breeding
4. Crop production
5. Plant protection
6. Agriculture
7. Economics of agriculture
8. Information technologies in agriculture
9. Bioinformatics and biosensory
10. Bioenergetics

Venue: Kyiv, Horikhuvatskyi Shlyah St (Henerala Rodymtseva), 15.

More information is on the conference website <https://conference.ukragroexpert.com.ua/>

Important dates:

May 21, 2024– registration and an abstract submission

May 26, 2024– notification of abstract acceptance

May 31, 2024 –a scientific article submission

Registration on the website is obligatory before submitting an abstract. To register, follow the link:

<https://conference.ukragroexpert.com.ua/registration/>

Registration fee – **participation in conference is FREE**

Previous program:

June 7, 2024

Opening ceremony
Plenary lectures
Working sessions
Conclusions and closing of the conference

Instructions for writing an abstract

The volume is from 1800 to 2000 characters (not including spaces). The following structure of the abstract is obligatory: Purpose, Methods, Results, Conclusions, Keywords.

An abstract template – http://conference.ukragroexpert.com.ua/wp-content/uploads/2024/04/Template_abstract.doc

The abstract is sent via an electronic form <https://conference.ukragroexpert.com.ua/registration/>

Name of the abstract file: surname of the first author (example: Surname_abstr.doc (docx))

Abstracts of articles will be published in the book of abstracts on the conference website.

Instructions for writing an article

Articles are submitted in English or Ukrainian. The article includes the abstract with all details.

The length of the article is from 10 to 20 pages of A4 format, including abstract, tables, figures and references.

Requirements for the article arrangement – <https://conference.ukragroexpert.com.ua/requirement/>

An article template –

http://conference.ukragroexpert.com.ua/wp-content/uploads/2024/04/Template_article.doc

The article is sent to e-mail: newagrotech2024@gmail.com

Instructions for references

The references must be formatted with APA-style. Example is available at link – http://conference.ukragroexpert.com.ua/wp-content/uploads/2024/04/Template_references_APA.doc

Articles that have passed the review will be published in the conference proceedings.

The selected articles will be recommended for publication in applied research journals, if the article passes the review:

- Plant Varieties Studying and Protection <http://journal.sops.gov.ua/> (agricultural and biological sciences, category B)

- Advanced Agritechnologies <http://jna.bio.gov.ua/> (agricultural sciences, category B)

Conference participants who participate with oral presentation will receive a **conference participant certificate**

Contacts:

Head of the organizing committee: Larysa Prysiashniuk, Ph.D. of Agricultural Sciences, Senior Researcher, tel. +380674399392, email: newagrotech2024@gmail.com

Secretary: Yurii Daniuk, Ph.D., tel. +38(044) 290-41-33, mobile +380982654279 (Viber/WhatsApp/Telegram), email: newagrotech2024@gmail.com

More information is on the website: <https://conference.ukragroexpert.com.ua/>
